Dave: For today's workshop on LLBG groundwater issues. Deborah, Jeff and I haven't had a chance to review them in detail so we will focus on understanding the overall issues today.

Elis is on vacation this week so I am sending these by email. I anticipate getting a lecture from him on his return for violating our file sharing protocols so please don't rat me out.

Talk to you around 8:00 this morning.

Folks,

Jennie did not have the opportunity to post these to Sharepoint before she left. I don't have access, so am sending these via e-mail.

Please call me or Tony Miskho if there are questions.
